Estimated Selling Price To Individual

2019  Rs. 95,626

2020  Rs. 87,158

2021  Rs. 79,423

Review

Aakash Verma, 3.5 ★★★★★

The Matador van has been synonymous with large family get-togethers or picnics with friends. This 10 seater van produced by Force Motors in India (under licence from Tempo) was quite a versatile vehicle. It originally came in people mover and pickup configurations and although it was mainly a front-wheel drive variant, one rear-wheel-drive model was also made available. Many car owners who wanted an efficient diesel engine demanded the popular engine of the Matador diesel. This 1.8-litre diesel engine put out about 50 bhp of power (in the F305 variant) and came with a four-speed, all-synchromesh manual transmission.

Component Health Check

A vehicle undergoes enormous wear and tear with time. It is often imperative to inspect and replace parts of the vehicle on a timely basis to keep it in prime condition. These aspects often go unnoticed and become real pain points with time. Use the Component Health Check for maintaining your vehicle components without any hassles. It would provide the list of parts to be inspected every subsequent year based on their age to help you find out the parts needing replacement.
