Ratings & Reviews

Ayona Ghosh ☆☆☆☆☆

Maruti Suzuki launched its new Swift having K12 engine with capacity of 1248cc Diesel engine. This may be called as the new version of Swift with better interiors, exteriors and dimensions. It can deliver the maximum power of 74 BHp and maximum torque of 190 Nm. On highways Maruti Suzuki claims for the fuel efficiency of 23 kmpl. Along with the increased dimensions, new Swift comes with crystal clear lights which gives it a completely fresh look over the old Swift. Manufacturers have shown their capability to come up with reduction in noise which is one of the most required feature in case of diesel cars. Ground clearance of 170 mm makes it a comfortable ride on Indian roads. This version of Swift comes with the new seat fabrics and door trims which gives it a classy look. The new steering wheel with improved central console. With the increased length, the leg space for the rear passengers have also been increased. The plastic used for interiors will definitely gives Swift an upper hand over its competitors.

Component Health Check

A vehicle undergoes enormous wear and tear with time. It is often imperative to inspect and replace parts of the vehicle on a timely basis to keep it in prime condition. These aspects often go unnoticed and become real pain points with time. Use the Component Health Check for maintaining your vehicle components without any hassles. It would provide the list of parts to be inspected every subsequent year based on their age to help you find out the parts needing replacement.

*This is a suggestive list and is not based on the actual physical inspection of this vehicle
